 Made with Emergent

A house for *the world's* finest grains.

Naturenest Global is a premium Indian superfoods exporter, born from the conviction that grains which have nourished our subcontinent for centuries deserve a place on every modern shelf — from New York delis to London pantries, from Dubai hypermarkets to Sydney wellness stores.

We work directly with trusted farming collectives in Bihar, Gujarat, Karnataka and Madhya Pradesh — combining heritage agriculture with internationally compliant processing, traceability and packaging.

pure trust —
grown close to
the soil,
shipped across
oceans.”*

 Made with Emergent

— OUR PROMISE

The *handpicked* jewel of Bihar.

Cultivated in the still waters of Madhubani and Darbhanga, each Makhana pops to an airy, ivory crunch – naturally high in protein, low in fat, and certified gluten-free. We grade by *suta* size and process in climate-controlled facilities.

Millet — *India's* ancient superfoods, rediscovered.

Gluten-free, climate-resilient, nutrient-dense. We supply cleaned, sorted and food-grade millets in bulk — packed to the specifications of your brand, your market, your standards.

NNG-ML-01

01

Pearl Millet

Bajra

Ancient Indian super-grain. Nutty, earthy, ideal for flours, flatbreads, and porridges.

◆ GLUTEN-FREE

NNG-ML-02

02

Finger Millet

Ragi

Soft, rust-red grain. Loved in weaning foods, malted flours, and modern bakery.

◆ RICH IN CALCIUM

 Made with Emergent

Psyllium Husk — *Isabgol,* pure & processed.

Sourced from Unjha, Gujarat — the global heartland of *Plantago ovata*. We supply the full fibre spectrum: whole husk, finely milled powder, granules and flavoured retail blends. Every batch carries a certificate of analysis.
